

On May 3rd and 4th 2018, a free vision screening will be offered to your child by the Woodsville/Wells River Lions Club. The test consists of an instant scan (like a photograph) of your child's eyes to determine the possible presence of eye disorders. No physical contact is made with your child and eye drops are not necessary. The child simply looks at some blinking lights for about a second.

Search for "Welch-Allyn SPOT Vision Screener – YouTube" on-line to learn about the device if you are interested.

I understand the following:

1. There is no charge to participate in the vision screening process.
2. I will be contacted with the results if further testing is suggested.
3. The information obtained from this vision screening is to be considered a preliminary procedure only and does not constitute a diagnosis of vision problems.
4. I understand that I am responsible for arranging for a full eye exam with an eye care professional if my child is referred as a result of the vision screening test.

Complete the section below and return it to the school within 3 days **ONLY IF YOU DO NOT** want your child to participate in this free screening.

---

Please complete this section of the form only if you **DO NOT** want your child to participate in the free screening.

Student's name: \_\_\_\_\_ Grade: \_\_\_\_\_

**NO**, my child may **NOT** take part in this free screening.
